Hon. J. Edgar Hoover

Dear Mr Hoover,

It was a happy thought for the John Birch Society to suggest that its members send you a word of commendation for your fine report on the San Francisco riots, for it provides an opportunity for us to put into words some of the admiration we have long felt for you and your work. The report, "Communist Target--Youth", is very revealing and I am sending for more copies to distribute where there is a chance of their doing some real good. Your "Masters of Deceit" is outstanding, and I bought three paper-back copies to circulate, to try to arouse people to the menace we are facing.

I do not expect an answer to this. Humanity is quick to blame and slow to praise, but a pat on the back feels wonderful when one is fighting for the right with his back to the wall and the clouds are dark overhead, and I doubt if anyone ever had more brickbats and stabs in the back aimed his way than you, and this is merely an enthusiastic "Well done!"

However it is doubtful if there is any person whom the general public holds in higher esteem in their inmost hearts, and your name has become a symbol of uncompromising integrity in a "civilization" that is becoming so permeated with evil in its many forms that our claim to be a "Christian nation", seems to have a hollow sound. Therefore, I am glad of this chance to add my word of praise and commendation, and to wish you the best of everything

Again congratulations. Your report on the San Francisco Riots is a fine job and the pictures in the House Report are a clincher for those people here who are trying still to deny the communist hookup.

You can imagine my satisfaction in becoming a member of Bob Welch's John Birch Society--after working and spending a lot to work against enemies of our Republic.

I feel more encouraged than in the past 30 years. The showing of the conservatives in both conventions was not intended, and should help all of us who sometimes feel that the work is not as resultful as it should be.

Dear Sir:

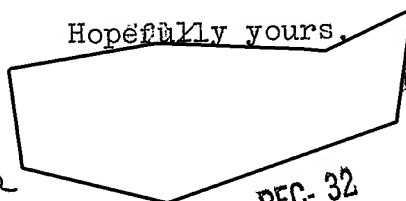

I am sixteen, disheartened and scared. I am in this sad state of affairs because I know the extent and effectiveness of the Communist Conspiracy in this country.

However, even though it is hard to muster, I do have hope. I am an almost-member of the John Birch Society--sort of John Birch, Jr. (if you'll pardon the pun). And I am very much encouraged when I see men such as yourself, who know much more about Communism and must be much more discouraged, carrying on such a valiant battle to save the United States from World Communism.

I am writing this letter mostly to encourage you and tell you that you are not working in vain as there is a growing number of "card-carrying Americans", as one candidate put it, squarely behind you and the cause of individual freedom. Also, I am not expecting an answer to this letter.

I have today made a request of my Congressman, Mr. Bob Casey and of the House Un-American Activities for copies of the recent publication, Communist Target -- Youth.

I do not have to read it in advance to know that your portion of it will be factual and excellent in its context.

As a member of the rapidly growing John Birch Society it is with great heart that we are thankful for people of your stripe and caliber in the increasing fight against the communist conspiracy.

Please do not take time to answer this letter as there are those of us that would not like to take your time for needless things, but rather to have it spent upon the important things that keep you alert to the common danger. There are many people with you in this effort.

Dear Mr. Hoover:

Just a word of congratulations on your recent pamphlet "Communist Target -- Youth". This is a superb report and I just wanted to pass on to you my comment about what a fine job you and your staff are doing in this area. I have used your pamphlet in a number of places to jar loose some complacent friends of mine and I am certain that some of them realize that something is seriously wrong.

I think you probably already know of the John Birch Society and I just wanted to let you know that we have formed several new chapters out here in the so-called "Conservative Mid-West" and are anxiously pursuing our Anti-Communist endeavors. We certainly hope that our energy and our efforts can be concentrated in such a manner that the wave of Anti-Communism will spread throughout the United States.

Please don't take any of your valuable time to reply to this letter. I just merely wanted to let you know that I personally thought you are doing a tremendous job and that we love and respect all the information that comes to us from your tremendous organization.

Sincerely yours,

Dear Mr. Hoover,

May I congratulate you on the excellence of your report which appears in the pamphlet Communist Target-Youth, published by the House Committee on Un-American Activities. My only regret is that there will be millions of Americans who, through ignorance or indifference, will never read this report.

I expect no reply to this letter, because your job is certainly so important in these days that I wouldn't want to add to your burden. However, may I say this. God is on our side in the fight against the Godless force of Communism! May He bless you in your work.

ReBulet to Mr. [REDACTED], 6-9-60, copy of which was designated for the Milwaukee office, and Bulet to Milwaukee 8-5-60.

On 8-11-60, SA JOSEPH S. WALKER personally contacted Mr. [REDACTED] at his residence, [REDACTED] Eagle River, Wis. Mr. [REDACTED] was very friendly, and explained that he appreciated being contacted in person. He volunteered that he is a member of and active in the John Birch Society movement in the area of Eagle River. He said he became affiliated with this society after about ten years of extensive reading, because he felt that it probably was doing more than any other organization to promote loyalty toward the United States. He said at the present time politicians and legislators receive hundreds of letters from members of "front organizations," which are not loyal to the United States, and one of the goals of the John Birch Society, which is headed by ROBERT WELCH, is to obtain a million members and encourage correspondence to proper officials to off-set the correspondence received from the members of "front organizations." Mr. [REDACTED] estimated that the John Birch Society in Wisconsin has approximately 312 members.

He said that recently he was interviewed by a member of the Vilas County News-Review, a weekly newspaper, Eagle River, Wis., concerning the John Birch Society chapter in the Eagle River area, and he was asked whether he thought President EISENHOWER was a Communist. [REDACTED] said he advised the newspaper representative he did not believe President EISENHOWER was a Communist and did not believe it was proper to find him guilty due only to association with people who may be suspected of being Communists. He said the local newspaper printed the interview with him, but failed to state that from his studies and readings of various books and brochures during the past years, he still feels there are persons within the State Department who could stand investigation. He said he is of the opinion this interview was prompted by an article which appeared in The Milwaukee Journal Sunday edition, July 31, 1960, entitled, "Group Branding Ike as Red Has 10 Chapters in Wisconsin." (A copy of this article, as clipped from The Milwaukee Journal, is submitted as an enclosure in this letter for ready reference. A copy has previously been sent to the Bureau.)

Mr. [] made available a copy of the Vilas County News-Review dated August 11, 1960, which reflected an article on page 1, continued on page 4, entitled, "John Birch Society, Whose Leader Brands Ike Red Agent, Has Eagle River Chapter." This article was clipped and is attached. b6 b7C

Mr. [] stated he had no specific information that would be a matter within the Bureau's investigative jurisdiction, and after he directed a letter to Mr. Hoover, he understood that it would not be proper to be furnished names and results of the FBI investigations. He said his letter of inquiry to Mr. Hoover was prompted by hearsay over the period of years that it was rumored there were 75 Communists in the area of Eagle River and Vilas County. He said he had no specific information regarding this rumor.

He further advised his activities in connection with the John Birch Society are to see that the right pamphlets, publications and brochures of patriotic interest are made available to the members of the John Birch Society. As an example of some of the types of pamphlets he has been making available to society members so they are kept aware of existing conditions, he furnished SA Walker a copy of "The War We Are In--View 1," which is a publication by the Champion Paper and Fibre Co., Hamilton, Ohio. He said that this copy need not be returned; that he purchased several of these pamphlets and will be forwarding them to members of the John Birch Society. (The copy of this booklet is also enclosed with this letter.)

It was noted by SA Walker during this interview that there must be a very limited number of members in the Eagle River area, inasmuch as Mr. [] said he had just received these booklets and had not read the articles, and as yet had not distributed them. SA Walker observed there were approximately one dozen of these booklets. b6 b7C

Mr. [] was furnished information as to how he can readily contact the Milwaukee office of the FBI or the Resident Agency at Wausau, Wis., so that matters of interest to the FBI coming to his attention will be called to the Bureau's attention immediately.

It was noted that during this interview Mr. [REDACTED] said he had just received these booklets and had purchased them for members of the Eagle River John Birch Society Chapter. On August 13, 1960, SA JOSEPH S. This pamphlet on page 12 reflects that a representative of the FBI is taking part in the Anti-Communist Schools at the United States Naval Air Station, Glenview, Illinois, beginning August 29, 1960. On page 20, item No. 8, a reference is made to the superb report by J. The Milwaukee Office files contain no prior information concerning Mr. [redacted] or the John Birch Society, Eagle River, Wisconsin, Chapter.

No investigation is being conducted UACB:

John Birch Society, Whose Leader Brands "Ike" Red Agent, Has Eagle River Chapter

Ten chapters of the John Birch society (including a chapter in Eagle River), founded by a man who believes that President Eisenhower is a dedicated Communist, have formed in Wisconsin in the last year.

This was reported in a recent story in the Milwaukee Journal written by Alex P. Dobish, who is a member of the Journal staff.

The apparent purpose of the society is to fight communism and influence American politics, Dobish reported and its members include leading citizens and industrialists in Wisconsin.

Dobish further reported that four branches have been formed in Milwaukee and one each in Wauwatosa, Green Bay, De Pere, Oshkosh, Appleton and Eagle River.

Mrs. John Rueber, 3014 S. Delaware ave., the wife of a

medical technician, is the Milwaukee area "co-ordinator" and spoke in Eagle River, helping set-up the chapter here.

The founder of the society is a wealthy, retired candy manufacturer, who lives in Bemont, Mass., Robert H. W. Welch, jr., 61, who is the author of "The Politician."

THE MILWAUKEE Journal has obtained a copy of "The Politician", which is a manuscript of 302 pages, reproduced in book form. Leaders of the society have received copies from Welch with the admonition that the contents are "strictly confidential and for your eyes only."

The book tries to prove that Mr. Eisenhower is a dedicated conscientious agent of the Communist party.

It claims that Mr. Eisen-

hower's brother, Milton, is the president's superior in the party and that a dozen other highly placed government men are either outright Communists or tools of the party.

Former President Roosevelt, the book says, was unknowingly used by the party. Ex-President Truman was knowingly used, it continues. As for President Eisenhower, page 268 reads:

"In my own opinion the Communists have one of their own actually in the presidency. For this third man, Eisenhower, there is only one possible word to describe his purposes and actions. That word is treason."

The Journal writer in his story said that neither Mrs. Rueber or Richard Johnson of Green Bay, who is in charge of upstate activities, would disavow the contents of "The Politician."

Mrs. Rueber said she had not reached a conclusion, adding: "I am not obligated to explain my (Turn to JOHN BIRCH, Page 4)

personal conclusion, if I had reached one, to anybody."

THIS NEWSPAPER contacted H. S. Tuttle of Eagle River, who is a member and leader of the John Birch society movement in this community. Tuttle has been the Republican party chairman for Vilas county for several years, but recently submitted a letter of resignation.

Tuttle said he had not seen the book "The Politician", and that even if Mr. Welch had written the things he is now credited with, that he understood it dated back six years ago and was not current. Tuttle said he did not believe that President Eisenhower was a communist agent, and did not believe it was proper to find him guilty only due to association with people who may be suspected of being communists.

By coincidence Milton Eisenhower is staying at Land o' Lakes this week on vacation. This newspaper also contacted him and informed him of the statements by the leader of the John Birch society.

Eisenhower said he had never heard of the society and did express a surprised "migosh" when he was informed of the statements. He said he would not comment on it as he had a policy of never making political statements. He said if he had an opportunity to see and read "The Politician" he might say something about it.

Tuttle said he thought the current reference about various presidents being called communist was related to a letter, rather than a manuscript or book—and this letter was written about 1954.

MRS. RUEBER WANTED to know where the Milwaukee Journal had obtained a copy since the book was not supposed to be seen by "ordinary" society members or outsiders.

"Someone," she said, "broke a confidence."

Johnson said he shared the bulk of Welch's views, but shied away from hanging a Commun-

ist label on the President.

He said at first that he "had no idea" if Mr. Eisenhower was a Communist.

"I only know that if he is not, he might as well be," he said. "It is a moot question. The results of his administration are the same."

Later he added: "I don't think Eisenhower is bright enough to be permitted to be one of the party."

Welch's goal is a million members. He declined to say how many members were in the society nationally or in what states chapters had been organized. He said organization was going "nicely in Wisconsin," adding that Wisconsin was a "good, conservative state."

Asked if he still held the views expressed in "The Politician," he said he would not comment.

Welch describes the society in the "Blue Book," which he also wrote and which is distributed more widely among members than "The Politician."

"The men who join the John Birch society . . . are going to be doing so primarily because they believe in me and what I am doing and are willing to accept my leadership anyway," he wrote.

"We are going to use that loyalty, like every other resource, to the fullest possible advantage that we can. Whenever and wherever, either through infiltration by the enemy or honest differences of opinion, that loyalty ceases to be sufficient to keep some fragment in line, we are not going to be in the position of having the society's work weakened raging debates."

"WE ARE NOT going to have factions developing on the two-sides-to-every question theme. Those members who cease to feel the necessary degree of loyalty can either resign or will be put out."

In the same book, Welch outlines his philosophy.

"Democracy, of course, in government or organization, as the Greeks and Romans found out, and as I believe . . . democracy is merely a deceptive phrase, a weapon of demagoguery, and a perennial fraud."

The society is named after John Birch, an American army captain and fundamentalist Baptist minister, who allegedly was murdered by Chinese Communists 10 days after V-J Day. The society was founded by Welch on December 9, 1958, in Indianapolis with the support of a small group of businessmen.

Under the Welch program, each chapter gets a monthly "John Birch Bulletin," which Welch edits. This usually gives the "assignment" for the month and lists suggested reading matter. Frequently there are suggestions for a letter writing campaign to congressmen on legislation.

Dues are \$24 a year for men and \$12 for women.

Although only high leaders know membership figures, the society is growing fast, according to law enforcement sources. Wisconsin has between 150 and 200 members, according to Johnson and Mrs. Rueber. They were enrolled in less than a year. This factor, plus the high level of influence and intelligence of members, disturbs law enforcement officials.

Welch writes skillfully and uses movies effectively of himself speaking in making his points.

He was born in Chowan county, North Carolina. He was graduated from the University of North Carolina; attended the United States Naval academy for two years and, finally, Harvard law school. He was in charge of sales and advertising of the firm that bears his name. He was vice-chairman of the Massachusetts Republican finance committee and, in 1950, a candidate for the lieutenant governor's post on the Republican ticket.

Member's Monthly Message

Home Chapter Members:

Fill out any of the spaces you may wish, on the inside of this sheet. Sign both your name *and address* at the bottom. Refold the sheet, put it in the addressed envelope we have provided, and *mail it* to us in Belmont.

Local Chapter Members:

Fill out any of the spaces you may wish, on the inside of this sheet. Sign both your name *and address* at the bottom. Refold the sheet, put it in the addressed envelope we have provided, *seal* the envelope, and deliver it to your Chapter Leader at the next meeting of your chapter. Do not mail the envelope yourself, as your Chapter Leader will expect to collect an envelope from every member.

These envelopes, still sealed, will be mailed by your Chapter Leader to the Home Office. If your envelope contains a contribution, a routine but grateful acknowledgment will, in due course, be mailed from the Home Office directly to yourself.

To All Members:

Whatever we have been able to accomplish so far has been primarily due to the fact that we are a very closely knit group. It is our intention to keep The John Birch Society equally closely knit even when we grow into a much larger body.

This monthly message from each individual member—in a standardized form which will make it far more practicable for us to process than would be diversified correspondence from so large a number—will serve to maintain closer ties and more complete understanding throughout our constantly growing membership.

With Regard To Finances—Reprinted From The Bulletin For July, 1960

We have always run the business affairs of the Society on as sound a basis as we could. We have expanded our efforts only when we could clearly see where the money was coming from to cover the additional costs. For this reason The John Birch Society has never been short of money, in the usual sense; that is, to meet pay-rolls or to pay its bills. But in another sense we have been drastically short of money at all times. For the opportunities just waiting for us, as fast as we could finance further growth, have been almost unlimited. And the need for growth has seemed very urgent.

We have now reached the stage where that problem will be increasingly acute. For our organization is not just one of those collections of names, to which leaflets are sent out now and then in the hope that the "members" are still interested—and are still members. Ours is a pulsating machine, tightly assembled, with hundreds of wheels turning at the ends of shafts that are activated in unison. The whole throbbing apparatus requires plenty of fuel, oil, and supervisory attention. The operating costs, therefore, are more than twice the dues available for that purpose.

This is something that many of our members do not realize. And, for obvious reasons, we shall not go into any detailed accounting. But any member with business experience, a sharp pencil, and a little patient study can readily verify for himself the conservatism of the following estimates. In a "fully developed" area, where a Coordinator already has from twenty-five to thirty chapters established and functioning properly (the maximum a Coordinator can manage, even without devoting any time or effort to forming new chapters), the monthly dues received will pay just about one-half of the costs involved. In the more usual situation, where a full-time salaried Coordinator has some ten or twelve chapters already formed, but is devoting most of his time and energy (and traveling expenses) to establishing new chapters, the dues received will

pay for only *one-fourth* to *one-third* of the costs of the area.

In both cases these costs include: The salary and expenses of the Coordinator, whose regular attendance at chapter meetings is imperative if we are to grow in morale and effectiveness as well as numbers; the printing, mailing, and postage charges for our bulletins; the books, pamphlets, tape recordings, and films supplied; and the correspondence, supervision, miscellaneous expenses, and overhead at the home office. They do not include any pay for "top management," for your Founder has never drawn a penny of remuneration from either the Society or the magazine. And they still make no provision for new film production, or new projectors and tape recorders and equipment—at the Home Office and in the field—which are the prerequisites of further expansion.

While the Society was small we have been able to make up the indicated deficit by dues from Life Memberships, and by sizable contributions from a comparatively few individuals. But with the deficit per chapter now being multiplied by an ever larger number of chapters, the total deficit becomes entirely too large for meeting in any such manner. We would soon be obliged to hold back the Society's growth—instead of seeking expansion, to refuse *even to allow it to expand*—unless there were some way to make up the difference between dues and costs. And while some increase in minimum dues may become inevitable in time, we desperately wish to avoid any such increase over the next few months.

We are, therefore, taking all proper steps we can devise towards obtaining sufficient income, besides that from dues, to enable us to keep on pushing ahead as aggressively as sound organizational development will permit. There are various such steps that we shall not discuss here. But the one that we hope will prove to be most productive—the one to which these paragraphs have been leading—is this appeal for strictly

voluntary but regular monthly contributions, from *all* of our individual members who can afford such contributions *in addition* to their dues.

We are aware that a routine procedure, whereby our Chapter Leaders consistently follow through on this appeal for us, is necessary to its continuing success. We are, therefore, taking advantage of the system of Member's Monthly Messages, which we are inaugurating this month, to enable every Chapter Leader to collect from every member whatever contribution that member may be willing to make, without the slightest embarrassment to anybody. For each such contribution will be enclosed in advance, with the member's message, in the sealed envelope to be taken up at the Chapter Meeting. All envelopes will be forwarded together to headquarters, by the Chapter Leader, along with the regular dues separately collected, and his report of the meeting. A routine but grateful acknowledgment will go from the Home Office directly to each contributing member. And nobody except myself and one or more assistants in Belmont will know who is not making a contribution, who is, or how much is the contribution of any member.

The last point is significant. For we wish to emphasize again something we have said many times in the past; that we do not want anybody to make any contribution to The John Birch Society unless he or she *really wishes to do so*. We know that some of our very best, most dedicated and most helpful members cannot afford any payments beyond their dues. The monthly messages from such members will be just as welcome and just as important as those from others who may contribute anywhere from two dollars to a hundred dollars each per month. But if all of us do all that we can, in every way that we can, we shall make The John Birch Society a mighty factor in saving and restoring, for our children and their children, the glorious country and humane civilization which we ourselves inherited. Time, energy, and money are all "of the essence" in our great undertaking.

Foreword

One equal temper of heroic hearts,
Made weak by time and fate, but strong in will
To strive, to seek, to find, and not to yield.

Alfred Tennyson

The John Birch Society is growing -- in numbers, in strength, and in effectiveness.

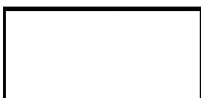

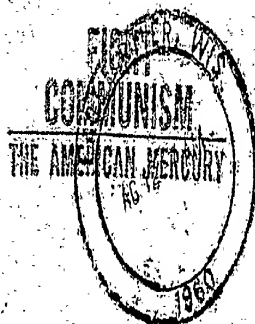

We are but one newly formed regiment on the world-wide field where great armies fight. Within that regiment we have soldiers who have taken too casually their recruitment and their duties. We have others who are not yet sufficiently armed with the weapons of fact and understanding. We have not been able to finance or to train lieutenants, captains, and majors in this regiment as fast as they have been needed, to supply as much of the guidance, the encouragement, and the inspiration at local levels as we would have liked. We are still young, and with all of the growing pains and problems of any healthy body that is rapidly gaining stature.

Also, many of our regiments' ablest soldiers are warriors who have been in this fight for a long time. Frequently at great cost to their individual careers and happiness -- and with all the frustration of voices crying in the wilderness -- they have helped to hold back our collectivist enemies during disheartening years,

Dear Mr. Hoover:

I am writing today to my Congressman, Allen Smith, 20th District, California, asking him to send me a copy or tell me where I can buy a copy of the pamphlet, COMMUNIST TARGET - YOUTH, including your report of the San Francisco riots.

I congratulate you on this report. I am a member of the John Birch Society, and we are back of you 100%.

I teach in a private school, and I am the author of a textbook in American History, published by The John C. Winston Co. of Philadelphia and taken out of print mysteriously. Less than three weeks ago, after a hard-fought legal battle for over a year, I finally got my contract cancelled with the John C. Winston Co. Now, I am revising the book for another publisher who will sell it to independent schools, since a text with American History unslanted can't be sold to public schools, apparently nor can a publisher list such a book in his catalog, apparently, if he wants to keep his business on other texts in other subjects with public schools.

Enclosed is copy of a program on which I spoke on Communist infiltration in textbooks in Portland, Oregon, recently.

A record of problems involved in writing the textbook in American History - QUEST OF A HEMISPHERE - was reported to the F.B.I. office in Los Angeles from time to time. I will report the latest move to this of:

WELCOME FRIEND --

to the FREEDOM CRUSADE SCHOOL here in the beautiful City of
Roses, Portland, Oregon.

This Anti-Communism School is the third conducted by Freedom
Crusade here in Portland--But the 1st of this national magni-
tude. Very few schools have been conducted similar to this
in America. But it is believed that as more people learn of
the far reaching results that derive from this kind of school-
there will be an ever increasing attempt to sponsor such an
activity. The basic requirements that lead to a school of
this kind are:

1. Vision of the NEED of a school
2. Belief in its effectiveness
3. Courage to attempt it
4. Understanding and leadership to operate it
5. Financial and operational program

FREEDOM CRUSADE is an educational organization that welcomes
the opportunity to conduct a school or seminar in your area.
Arrangements can be made for either a SCHOOL, an ALL-DAY
SEMINAR, or a FREEDOM CHAPTER STUDY GROUP.

We invite you to contact FREEDOM CRUSADE, Box 4344, Portland

AWAKE, AMERICA

Dedicated to Mr. and Mrs. Walter Huss, Directors of
FREEDOM CRUSADE

by Mr. Clifford Baltzell

AWAKE, AMERICA, AWAKE! For a Foe is in our nation;
Awake, America, and pray, For a foe is in our land,
Thro' guile, with malice and cruel hate,
He plots us to ensnare;

AWAKE, AMERICA, AND WATCH AND PRAY!
GOD WILL HEAR AND WILL ANSWER PRAYER.

The Star-Spangled Banner

Oh, say, can you see by the dawn's early light,
What so proudly we hailed at the twilight's last
gleaming?
Whose broad stripes and bright stars, thro' the peri-
lous fight,
O'er the ramparts we watched, were so gallantly stream-
ing:
And the rockets' red glare, the bombs bursting in air,
Gave proof thro' the night that our flag was still
there.

Chorus:

Oh, say does that star-spangled banner yet wave
O'er the land of the free, and the home of the brave.

Battle Hymn of the Republic

Mine eyes have seen the glory of the coming of the Lord;
He is trampling out the vintage where the grapes of
wrath are stored;
He hath loosed the fateful lightning of His terrible
swift sword;
His truth is marching on!
Cho. Glory, glory, Hallelujah! Glory! Glory! Hallelujah
Glory, glory, Hallelujah! His truth is marching on!

America

My country, 'tis of thee, Sweet land of liberty,
Of thee I sing: Land where my fathers died
Land of the pilgrims' pride, From every mountain side,
Let Freedom Ring!

Dear Mr. Hoover:

I have learned of your report on the communist target - our youth and have sent for 2 copies. I want to thank you in advance for your unceasing fight against communist. I shall be doing everything in my power to assist you by bringing the message to my friends, relatives, business acquaintances - and to my enemies too, if possible.

I also want to express my sincere admiration for your steadfastness in view of the malicious lies, attacks, tactics that the commies employ against anyone treading on their toes. Your courage has given me courage to fight, in spite of the possible reprisals I may experience from my efforts to warn Americans of the danger.

Naturally I do not expect a reply to this letter - I would much prefer you spend your time in the far more important business of exposing commies. I hope we conservatives may be able to provide you the means for expelling commies after you have ferreted them out. Certainly our present set-up, especially the Supreme Court, destroys everything you are trying to do.

Enclosed is a copy of correspondent's communication. Bufiles contain no identifiable data concerning the correspondent.

The John Birch Society and its founder, Robert Welch, have not been the subjects of an investigation by the Bureau. NOTE ON YELLOW:

Correspondent requests the following information concerning the John Birch Society:

1. "Are Mr. Robert Welch and other leaders of the John Birch Society beyond suspicion as to their allegiance to the United States of America?"
2. "Is there the slightest possibility that the John Birch Society is subversive or communist front?"
3. "In your opinion is the true purpose of the organization the same as that stated in the Blue Book?"

Dear Mr. Hoover:

I realize that you are an exceedingly busy man and will, therefore, attempt to get to the point in as few words as possible.

A short time ago a friend from Dallas, Texas, introduced my wife and I to "The John Birch Society" through the loan of a Blue Book of the John Birch Society. After reading the book we were both so enthusiastic that we have now interested some thirty others in joining the society. None of us have actually joined the society as yet, since we must admit we know very little about the organization, other than through literature printed by them. As a group we have varying degrees of reservation regarding this organization, but have agreed that a clean bill of health from you is essential to our continued interest.

We certainly realize that neither the Federal Bureau of Investigation, nor yourself personally, can endorse the John Birch Society. However, if at all possible, we will sincerely appreciate answers to the following questions:

1. Are Mr. Robert Welch and other leaders of the John Birch Society beyond suspicion as to their allegiance to the United States of America?
2. Is there the slightest possibility that the John Birch Society is subversive or communist front?
3. In your opinion is the true purpose of the organization the same as that stated in the Blue Book?

I have received the letter from your wife and you of August 10, 1960, regarding my statement entitled "Communist Target--Youth."

It was certainly thoughtful of you to write me about this, and I want to thank you for affording me the benefit of your observations with respect to ways of combatting the danger of communism.

In response to your inquiry, I have no speeches or tape recordings available for presentation to high school students in the manner you suggested in your letter. We want you to know how much we appreciate the work you are doing and to thank you specifically for your pamphlet, "Communist Target-Youth."

As members of the John Birch Society we are studying world affairs, engaging in political races, and trying to help stem the onrushing Communist tide.

Why don't we "brainwash" our young children with some of your pamphlets, speeches, tape recordings? And any available to present to junior high school students?

Do you have any suggestions to give us grown-ups on what to do to keep our Country from being taken over by Communists in the not-to-distant future?

The John Birch Society and its founder, Robert Welch, have not been the subjects of an investigation by the Bureau. Welch and his organization have been very critical of President Eisenhower and his administration. Information concerning this individual and his organization is contained in SAC Letter 60-5. (62-104401)

NOTE ON YELLOW:

Correspondent, in a lengthy letter, requests information concerning the John Birch Society. He states that he has considered joining this organization and would appreciate any guidance which can be given to him. August 13, 1960

Mr. J. Edgar Hoover, Director
Federal Bureau of Investigation
Washington, D. C.

My Dear Sir:

Recently I have been approached and asked to join an organization about which I know nothing, except that which a Doctor Favey, Chas. W. has told me or which has been given to me in the printed form. This organization is "The John Birch Society" and its founder is Robert Welch of Belmont, Mass.

Being a man of almost seventy years of age I have long been aware of the existence and activities and aims of the Communist Party thru out the world and within our own borders. My first knowledge began in the year of 1919 which is said to be the year that the Communist Party of the United States was formed. I have never been a member of the Communist Party nor have I believed in any thing the claim to stand for. I have, however, been greatly concerned about the rapid progress that the Communist have made in the past twenty five years toward its ultimate goal of world domination. I have also been greatly disturbed by the extent that they have infiltrated our own country and government and it is for this reason that I accept an invitation to attend a meeting held by the John Birch Society last night at Doctor []'s home.

b6
b7C

Being well aware of the Communist tactics of forming well sounding organization as Communist Fronts I am not about to join any organization unless I can satisfy myself that the organization is not, in any degree, supported by Communists and, further that the organization is a legal one and stands for things and principles that I, as an American, can support whole heartedly and unshamefully.

I understand that the Federal Bureau of Investigation does not give out information relating to any individual but that it keeps a complete record of every communist front organization within our borders. Can you, therefore, give me any information about the John Birch Society that would enable me to judge for myself, if not thru your advice, the exact status of this organization and/or its founder or founders.

In order that you may have some information of my own status as an American I will say that I am willing to take an oath at anytime that I have never been a Communist and have never knowingly aided them in anyway nor have I ever accepted any of the teachings and theorys that the organization stands upon. Further I am a World War I veteran, a past Commander of a Legion (American) post and now a member of that organization. My two sons were a part of WorldWar II and the Korean War. During the year of my Commandership of the Leslie Kreps Post, American Legion, of Salina, Kansas I had contact with one of the fore runners of Communism in our land. This organization was know as the I.W.W's. I am also a retired Architect. August 1st 1945 my Company transferred my office to Los Angeles where we lived until 1959. While at Los Angeles I had an ocaasion to go to the Federal Bureau of Investigation to convey to them some information relating to the activities of an individual whom I deemed to be a Communist.

During recent years I have been greatly disturbed by the acts of our Supreme Court and law makers (Congress) and the apparent infiltration of Communists within our government and the ineffectiveness with which they have met this Communistic threat. I am concerned about the infiltration of Communist within labor organization, business, churches politics and every other phase of our National life. Therefore, I, and I believe many millions of other Americans would be willing to put forth every effort to combat these evil influences, if they had a leader and/or organization in which they could place absolute faith and trust.

It is for these reasons that I am writing you to request that you provide me with what ever information and guidance you can offer me in respect to the John Birch Society. It is because of my great faith in you as the most outstanding American that I request this information.

Sincerely and Repsectfully yours,

By:

Myron E. Johnson

The John Birch Society is allegedly an anti-communist organization with branches over the various parts of the country. Our field offices have been alerted to watching its activities inasmuch as its head, Robert Welch, has indicated that his group may attempt to take on the appearance of a front organization in an effort to attract true subversives.

Dear Mr. Hoover:

It is with a great deal of pleasure that I write you this letter of thanks and congratulations upon the fine report entitled "Communist Target -- Youth" released last month by the House Un-American Activities Committee.

Since I am the parent of two teen-age boys, I am doubly aware of the influences placed upon them in these difficult days. As valedictorian of his class last June, my youngest son was told he could not mention the S.F. riots ^{on the H.U.A.C.} because they were too "controversial".

The S.F. riot film and Dr. George Benson's "Communism on the Map" could do a great deal to awaken students to the situation we face with the Communist conspiracy. Do you have any suggestion as to how we could have these shown in our schools?

Our John Birch Society is doing everything in its power to educate the people. We thank you for all that you are doing.

Sincerely,

Where there is injury — pardon
Where there is doubt — faith
Where there is despair — hope

Dear Mr Hoover:

I have just completed your article
"Communist Target - Youth," published by the
House Committee on Un-American Activities. Also
I have recently viewed the film of the activities that
went on during the hearings in San Francisco May 12-14,
1960.

Approximately one month ago I wrote our
Editor of the Columbus Dispatch concerning the terrible
display of left wing Communist agitation and student
rioting in San Francisco on our HCUA and fortunately
enough it was published in that paper.

I have read several of your articles and am
trying to keep abreast of this thing as best I can. We citizens
must have the sword of knowledge in order to fight back
properly.

Wanted to let you know we certainly appreciate
your courage that you so nobly display and want you to continue.

Enclosed is a copy of correspondent's communication. Bufiles contain no identifiable data concerning the correspondent.

The John Birch Society and its founder, Robert Welch, have not been the subjects of an investigation by the Bureau. Welch and his organization have been very critical of President Eisenhower and his administration. Information concerning this individual and his organization is contained in SAC Letter 60-5. (62-104401)

The Cinema Educational Guild, whose Director is Myron C. Fagan, is allegedly an anticommunist group which has been responsible for the distribution of anti-communist, anti-Negro and anti-Semitic pamphlets. Fagan in the past has attempted to use the Director's name in furtherance of his programs and it has been necessary on several occasions to contact him and request that he refrain from mentioning the FBI in any way. (62-87267)

The following items of literature were sent to the correspondent:

1. "Communist Target - Youth."
2. "Communist Party, USA," reprint from the April 30, 1960, issue of "Ave Maria."
3. Reprint from the "FBI Law Enforcement Bulletin," March, 1960, with analysis of the 17th National Convention of the Communist Party, USA.
4. "Communist Illusion and Democratic Reality."
5. "God and Country or Communism?"
6. "How to Beat Communism."
7. "Communism: The Bitter Enemy of Religion."
8. "Communist 'New Look.'"

NOTE ON YELLOW:

Correspondent states that she is writing to the Bureau for a group of people who are alarmed at the threat of communism to our country. She asked whether or not the John Birch Society and the Cinema Educational Guild, Incorporated, are subversive organizations. Correspondent asked "Are any pamphlets available on subversive people, organizations and activities? Are any available on how to combat these things? Dear Mr. Hoover:

I am writing this letter for a group of people who are increasingly alarmed about the threat of communism to our country. We have become interested in The John Birch Society and in the information given out by the Cinema Educational Guild, Inc. as to subversives in the entertainment field.

Is it possible to ascertain whether or not these organizations are subversive? There are millions of citizens who are concerned but who need some person or some informed group to lead the way to correcting our laws and correcting our national disinterest.

Has the FBI any direct approach to our problems as individuals interested in action? Are any pamphlets available on subversive people, organizations and activities? Are any available on how to combat these things? Please send me any information you have available.

It is all too seldom that we take the time to express appreciation to one to whom we owe so much. But I do want to do so now for your excellent report for the Un American Activities Committee report on the spring San Francisco riots. I sincerely hope that it will help people to realize that "it can happen here" and who and what is the motivating force behind them.

The American people owe you and your men so much more than they seem to comprehend - and we pray they will not have to learn too late.

As an individual and as a member of the John Birch Society I want to thank you and assure you that you have and will continue to have my whole hearted admiration, respect and thanks for your work in helping to save America from her enemies within. They are our greatest danger as you know so much better than I.

Please do not feel that any answer to this little note of appreciation is expected. It is enough to know that you couldn't possibly answer the letters you get and still devote your time to the work you are doing, so again, thank you.

Most Sincerely

Dear Mr. Hoover,

It is all too seldom that we take the
time to express appreciation to one to
whom we owe so much. But I do want
to do so now for your excellent report
for the Un. American Activities Committee
report on the spring San Francisco riots.
I sincerely hope that it will help
people to realize that "it can happen
here" and who and what is the motivat-
ing force behind them.

The American people owe you and
your men so much more than they
seem to comprehend - and we pray
they will not have to learn too late.

As an individual and as a member

of the John Birch Society, I want to
thank you and assure you that

EX 104

you have and will continue to have
my whole hearted admiration, respect
and thanks for your work in help-
ing to save America from her disas-
ter villains. They are our greatest
danger as you know so much better
than I.

Please do not feel that any answer
to this little note of appreciation is
expected. It is enough to know that
you couldn't possibly answer the
letters you get and still devote your
time to the work you are doing, so
again, thank you.

Most Sincerely

Mrs

The John Birch Society was organized by Robert Welch in December, 1958 at Indianapolis, Indiana. It is allegedly an anticommunist organization with branches over various parts of the country. Welch has been quite critical of President Eisenhower and his Administration. Dear Sir,

We wish to congratulate you on your superb report, "Communist Target-Youth". This report alone should be enough to awaken the American people to the grave threat to our country today.

I am writing as a member of the John Birch Society, and as a member of this society I have written for copies of this pamphlet to distribute.

God bless you in your efforts to expose Communism and its threat to our American way of life.

Please do not bother to acknowledge receipt of this letter.

I am a member of the John Birch Society, and because I make it my business to be informed on Communism, I can appreciate the work of the FBI as well as that of the HUAC. These two groups and the Senate Internal Security Subcommittee are about the only remaining bastions in our government of active resistance to the horror that threatens to engulf us. As a member of a group which is fighting very hard to stop this tragedy which would be one of the most ironic and sorrowful in all history, I can say that what you have done means much to me personally. Expose of Soviet Espionage.

NOTE: Correspondent is not identifiable in Bufiles. His message is worded along the same lines as other communications we are currently receiving from members of the John Birch Society which is allegedly an anticommunist organization with branches over the various parts of the country. Our field offices have been alerted to watching its activities inasmuch as its head, Robert Welch, has indicated that his group may attempt to take on the appearance of a front organization in an effort to attract true subversives.

The John Birch Society was organized by Robert Welch in December, 1958, at Indianapolis, Indiana. It is allegedly an anticommunist organization with branches over various parts of the country.
